**Hook**

The ruins of a temple are located in a nearby forest. Long ago abandoned by its original priests, an evil cult of sorcerers has taken up residence and begun kidnapping denizens from nearby villages. Local authorities are desperate for assistance and offering a 1,000 gp reward to thwart the cult's nefarious activities.

**Scenario**

The cult members are the human thralls of a spirit naga trapped in HELL after attempting to break its contract with a powerful dark entity. They have discovered a spell that can return the creature from banishment, but the ritual requires a staggering number of blood sacrifices - hence the kidnapped villagers.

To complete this dungeon, the PCs must destroy all three scarab automatons, release the prisoners, deal with the cult leader, and defeat the summoned naga.
